

SAVING & EXPORTING RESULTS

Export my results to RefWorks

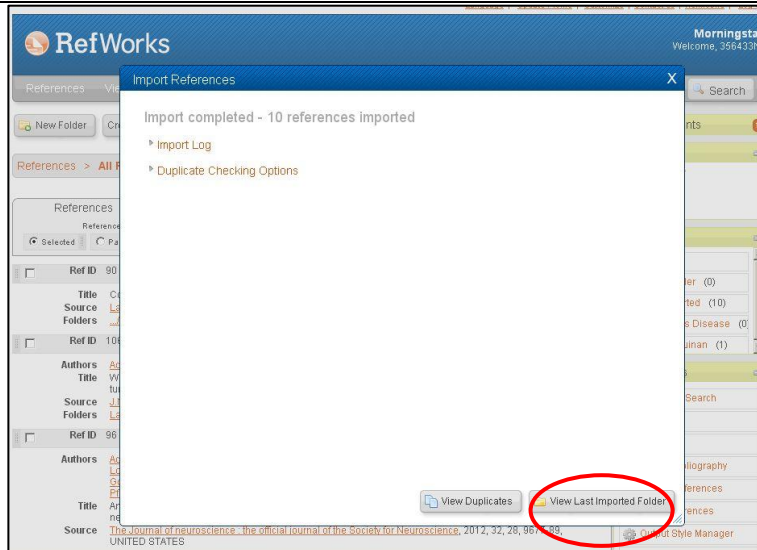

TASK: From the Results page you can select one or more documents and Export them to a citation management tool such as [RefWorks](#).

<p>1. After running a search Select records you wish to export to RefWorks. Then click Export/Save and click RefWorks.</p>	
<p>2. Choose the content format for the records you wish to export, from Results listings only to the full citation with abstracts and indexing. You can mark the box to Deselect the records when done.</p>	
<p>3. Scroll down and click Continue.</p>	

4. The RefWorks login window opens. Enter your Login Name and Password and click **Login**.

5. RefWorks indicates that it imported the references. Click **View Last Imported Folder**.

6. You can view, organize and share your newly imported references, storing them into folders.

7. As an added benefit you can synchronize your RefWorks account with your My Research account. See **Help** for details.
